A message from the Vice-Chancellor Professor Alec Cameron

RMIT is an international university of technology, design and enterprise. Our mission is to empower people and communities to adapt and thrive across generations, with education, research and civic engagement that are applied, inclusive and impactful.

Our motto since 1887, 'a skilled hand, a cultivated mind', reflects RMIT's commitment to improving the lives and futures of people in a fast-changing society. Applying knowledge with skill, imagination and integrity is at the core of all our work across education, research and civic engagement.

RMIT's presence around the world enables our students and staff to benefit from the exchange of ideas and research across a broad ecosystem. Three substantial campuses in Melbourne are located in the City, Brunswick and Bundoora, along with other Victorian locations. We also have two campuses and a language centre in Vietnam, and a research and industry collaboration centre in Barcelona, Spain. In addition, programs are offered through partners in Singapore, Hong Kong, Sri Lanka and mainland China, with research and industry partnerships on every continent.

We continue to consolidate our reputation as one of the world's leaders in education and applied research. At the heart of this is our ability to graduate highly employable global citizens who are ready to make a positive contribution. Our diverse community of 480,000+ graduates live and work in more than 150 countries around the world. We regularly welcome our alumni back throughout their careers to top-up their skills or change their direction all together, because we know education is lifelong.

Powered by the insight and ingenuity of our people, RMIT will evolve and thrive for the decades to come, working with our students and communities to achieve their goals. I encourage you to take part.

A handwritten signature in black ink that reads "Alec Cameron". The signature is written in a cursive, slightly slanted style.

Professor Alec Cameron
Vice-Chancellor and President

Why choose RMIT?

RMIT is a global university of technology, design and enterprise. Established in 1887, we are one of the top universities in Melbourne and one of Australia's oldest tertiary institutions.

RMIT is ranked among the world's best universities in 28 of 43 assessed subject areas featured in the 2022 QS World University Rankings by Subject.

#1

graduate employment rate in Australia¹

#1

In 2022, RMIT won the Award for Most Popular Careers Service in Australia²

#1

in Australia and #15 in the world for art and design⁴

#3

in the world and second in Australia for our efforts to reduce inequality³

#4

in the world for our environmental, social and economic impact³

#4

in Australia for our partnerships with employers¹

Largest

dual-sector university in Australia

#5

in Australia for the actions we've taken to tackle the world's greatest environmental, social and governance challenges⁵

90,559

students from 194 different countries studying with RMIT

12,456

RMIT students undertook work-integrated learning placements with 3,254 unique global industry partners in 2022

Committed to sustainability

RMIT has won the most Green Gown Awards of any institution in Australasia, winning awards for facilities and services, institutional change, carbon reduction and benefiting society. Most recently RMIT won the 2021 Green Gown awards for Climate Action and Circular Economy.

World-leading facilities

RMIT is home to many facilities that pave the way for industry advancement, including the world-first Blockchain Innovation Hub, Australia's first university cloud supercomputing facility, and the first electric vehicle research facility of its kind in the Southern Hemisphere.

Melbourne campus maps

Life in Melbourne

Melbourne is a vibrant and welcoming city full of exciting possibilities. Students from more than 190 different countries have chosen to make it their home. Connect with them and create a community of lifelong friends as you experience a world-class qualification.

Recreation

Melbourne is known for its beautiful parks and gardens, clean air, open spaces, world-class venues and convenient transport and infrastructure.

- Melbourne is Australia's most liveable city, and is #3 in the world for liveability.¹
- Melbourne is ranked Australia's best city for international students.²

Art, culture and entertainment

Melbourne hosts more than 8,000 festivals, exhibitions and events every year.⁴ With a calendar of events spanning art, theatre, music, fashion, food, markets, festivals and concerts, there's always something to do in our bustling city.

- Melbourne is widely known as the events and cultural capital of Australia.⁴
- Melbourne is the second city in the world to be designated a UNESCO City of Literature.⁵
- Melbourne is home to the National Gallery of Victoria (NGV), Australia's oldest public gallery.

Working while studying

From 1 July 2023, international students can work up to 48 hours per fortnight.

Different visas have different guidelines around working rights, so it's important to check your visa conditions. For more information about your working conditions, rights and obligations in Australia, visit:

rmit.edu.au/about/moving-to-melbourne/employment

World-class dining

Melbourne's culinary spirit is world-famous. Whether you're looking to visit a much-loved institution, a lively new wine bar or a casual cafe, Melbourne offers an array of unforgettable dining experiences.

- Melbourne is renowned for great coffee and is ranked the sixth best city in the world for its food and drink scene.³

Sport

Melbourne is the sporting capital of Australia. Watch international sports stars live in action at some of the many sporting events in our city every year. Here are six annual sporting events held in Victoria that are not to be missed:

- The Australian Open (Grand Slam tennis)
- Formula One Australian Grand Prix (motor racing)
- Rip Curl Pro Bells Beach (surfing)
- Boxing Day Test (cricket)
- AFL Grand Final (Australian Rules football)
- The Melbourne Cup (horse racing)

Life at RMIT

Kirrip at RMIT

Starting uni can be daunting, especially if you're new to Melbourne, so our Kirrip program is designed to help you settle in and make friends.

'Kirrip' means 'friend' in the Woi-wurrung language of the Wurundjeri people, one of the Traditional Owners of Naarm (Melbourne), and RMIT has a large number of Kirrip stewards (existing students) who can answer your questions and show you around. Connect online or in person.

Student clubs and communities

From cheerleading to chess, fashion to futsal – whatever you're into, RMIT has a club or society for you.

We have more than 160 student-run clubs that engage more than 15,000 students and alumni, so whether you're chasing adventure, want to meet new people, build new skills, or just do more of something you love – RMIT has the perfect group for you.

Explore life at RMIT at
rmit.edu.au/life-at-rmit

Whether you're sporty, creative or just curious, RMIT's clubs, collectives, events and trips will help you meet people, make connections and discover more of Melbourne.

Melbourne Experiences

From coffee tours and gallery visits to big sporting events, our Melbourne Experiences program is ideal for those who want to discover more of Melbourne and meet people in a small group.

These experiences are led by friendly and helpful Kirrip stewards and serve as a great starting place to expand your university social network and feel comfortable in your new city.

Campus life

Uni is about so much more than just going to class. Engaging in campus life is one of the best ways to make life-long friends, get healthy and grow, both personally and professionally.

At RMIT, there are hundreds of weekly events for students across all campuses, with free food, music and entertainment. You can unleash your creativity with our public art trails or collaborative art projects, get active with our social sports and excellent fitness facilities, or go on a group trip and visit somewhere you've never been before!

Support services

RMIT's support services and networks are here to help you succeed at university every step of your journey.

Dedicated resources for Australia Awards recipients

You have a dedicated Student Contact Officer to assist you from the day you arrive until you complete your studies. Social activities are also organised throughout the year to build a strong Australia Awards recipients' community.

- Email us aus.awards@rmit.edu.au

Disability support

We aim to make study and exams more accessible to students with a disability, long-term illness or mental health condition by offering Equitable Learning Services (ELS). ELS also support primary carers of individuals with a disability. These services may include classroom adjustments, interpreters, technology aids, or more time to complete assessments.

rmit.edu.au/student-support-ELS

Health and wellbeing services

At RMIT, we are committed to providing a respectful and safe place to study. Whether you're feeling unsafe or are struggling with personal issues, you can talk to a member of Safer Community or our counsellor. Help and spiritual support of all faiths and none are also available.

rmit.edu.au/students/support-services/health-safety-wellbeing

Financial and legal support

Talk to our Student Welfare Advisor about financial assistance, or get qualified legal advice from our RMIT Student Legal Service.

rmit.edu.au/students/support-services/financial-legal-support

Accommodation assistance

Get advice on accommodation options to suit your needs and renter's guidance.

rmit.edu.au/students/student-life/accommodation

Child care

RMIT City Campus Children's Centre provides daycare to the children of staff and students.

rmit.edu.au/about/our-locations-and-facilities/facilities/childcare-parenting

SAN Chanrithy Master of Project Management

As an RMIT alumni and recipient of Australia Award Scholarship, completing my Master in Project Management had profound impacts on my personal and professional growth. The program offers courses on effective project planning, execution, and monitoring with practical applications including cost-benefit analysis, Gantt charts, risk management frameworks, and stakeholder analysis. This unlocked soft skills and enhanced my leadership capabilities which have been invaluable for my role as Secretary General of the Ministry of Foreign Affairs and International Cooperation.

I am grateful for the transformative experience, and I highly recommend it to aspiring professionals seeking comprehensive and impactful learning.

Get future ready

Find a job, plan your career and check out all the opportunities for work and study at RMIT.

Job Shop

RMIT's Job Shop is your drop-in service centre for all things career-related. Job Shop offers services such as:

- help finding and applying for casual, part-time and graduate jobs
- free résumé and cover letter workshops
- industry events and networking sessions
- one-on-one career consultation appointments
- course or program advice

rmit.edu.au/jobshop

RMIT Activator

Activator is RMIT's home of entrepreneurship. Its workshops, online learning and startup programs position students to solve the biggest problems out there and take on the future of work. At Activator, you can access mentors, attend masterclasses, request business coaching, apply for funding and learn the enterprise skills you need to support your ideas.

rmit.edu.au/partner/hubs/activator

RMIT Creds

RMIT Creds are a suite of micro-credentials that help develop your skill set beyond your area of study. These credentials have been co-designed with industry to ensure you're ready for the changing world of work. They cover subjects such as digital literacy, leadership, sustainability, innovation, collaboration and communication.

rmit.edu.au/creds

Work-integrated learning (WIL)

WIL is an activity where you apply your academic learning in a real-life situation with an industry or community partner.

Higher education and vocational education students can complete a WIL activity, which is formally assessed for credit towards your qualification. The type of WIL activities you undertake will depend on your program and study discipline, and can occur on or off campus. They may be:

- work placements such as clinical placements, internships, field education or professional practices
- projects with industry and community-based organisations
- art projects with exhibitions

rmit.edu.au/students/careers-opportunities/internships-work-experience-wil

Future Edge employability program

Future Edge is a flexible, co-curricular program designed to help you to identify and achieve your career goals.

You can complete the program at your own pace, and it will complement your time at RMIT by helping you to build the transferable skills that employers look for.

Through Future Edge, you will be supported to:

- design a personalised plan that outlines your goals and areas for development
- build your skills and experiences by engaging in workshops, industry events, global experiences, volunteering, part-time work and more
- learn how to communicate your skills and experiences to employers

rmit.edu.au/future-edge

Research at RMIT

We conduct research that's useful and usable. Dedicated to relevancy and quality, we deliver new knowledge and innovation that people care about.

More than one third of our RMIT research publications are among the top 25% most-cited in the world. Our teams are empowered and supported to work together and collaborate with partners from industry, government, and community groups to create exciting opportunities and solve major challenges.

Our Enabling Impact Platforms

RMIT's Enabling Impact Platforms are the University's unique mechanism in bringing together researchers and industry experts to rapidly respond to large-scale, complex issues in society.

- Advanced Materials, Manufacturing and Fabrication
- Biomedical and Health Innovation
- Design and Creative Practice
- Global Business Innovation
- Information in Society
- Social Change
- Sustainable Technologies and Systems
- Urban Futures

For assistance with finding a research supervisor, please email aus.awards@rmit.edu.au with your research topic proposal.

Diah Ikasari PhD in Food Science

Being one of RMIT AAS Alumni is an honour to me. I chose RMIT University to pursue my PhD in Food Science in 2019-2023 due to the University leading both in facilities and expertise. After returning to my country on March 2023, I started pursuing my profession in an Indonesian government research institution as a researcher. RMIT University equipped me with extensive experiences as well as relevant knowledge and skills that are highly applicable to my current career. Additionally, it helps me to expand my professional network with people with similar expertise and creates opportunities to build global research collaborations.

Explore RMIT programs

We offer over 350 internationally recognised qualifications across English Language programs, Foundation Studies, Vocational Education, Higher Education and research programs.

English Language Programs

RMIT Training delivers the English for Academic Purposes (EAP) program, which prepares you for success at university by teaching you academic English while developing your skills for independent learning and group work at university.

Undergraduate

RMIT offers undergraduate study options including bachelor, associate and honours degrees designed to prepare you for success in your chosen career.

Postgraduate

Develop in-depth knowledge and advance your career. From graduate certificates and graduate diplomas to Masters by Coursework, RMIT's postgraduate programs deepen your knowledge and skills, helping you to advance or change your career.

These are some popular programs our scholarship recipients study based on priority areas.

Gender Equality, Human Rights and Social Inclusion

Explore your career in politics and policy, social and community work.

Hasan Ibna Kamal Master of Energy Efficient and Sustainable Building

I was particularly interested in studying energy efficiency and sustainability in buildings as I work in the Public Works Department under the Ministry of Housing and Public Works in Bangladesh. Therefore, I chose to go with the Master of Energy Efficient and Sustainable Building program and after finishing my third semester, it feels like it is worth studying. In particular, I learned a few industry-leading energy simulation software, building energy rating tools and key concepts of sustainability in the built environment, which would help me discover and implement new dimensions of energy efficiency in the building industry in my country and across the globe, as well.

Water and Sanitation

Phemelo Omphemetse Mechidi Master of Biotechnology

Upon completing my MSc in Biotechnology, I successfully secured a more advanced position than my previous role. The guidance and leadership skills provided by AAS training coordinators, along with the RMIT University Cultural Intelligence short courses, have been instrumental in my success in this new capacity.

This experience not only allowed me to solidify and apply the knowledge I've acquired throughout my professional journey but also transformed me into an expert in my field. It enhanced my ability to grasp intricate concepts and empowered me to make significant enhancements in my work. Moreover, I had the privilege of being selected as part of the group responsible for drafting the Botswana Laboratory Policy, a process facilitated by Ministry of Health and WHO.

In my community, I serve as a Sunday School teacher, and in this role, I have been organising educational sessions for the children. These sessions not only have a Christian focus but also aim to enhance their academic performance by finding study materials for those preparing for exams, and I also participate in community outreach initiatives, including providing clothing, particularly school uniforms, to those in need.
